

## Our COVID-19 Response

U.S. Retirement & Benefits Partners is committed to providing our clients and team members the support needed to minimize the impact to families and businesses, including school districts throughout the country.

While we are continuing to follow the guidance of local authorities and are keeping our non-essential team members working from home, rest assured that our benefits consultants and retirement plan advisors are here for you and your employees, and continue to be responsive to your needs during this uncertain time.

We developed a [COVID-19 Resource Center](https://covid-19.usrbpartners.com) website (covid-19.usrbpartners.com) to make it easy for you to find the information you need in one place. Here you will find:

- The latest legislative and compliance updates related to COVID-19.
- Webinars and podcasts that address compliance and HR concerns.
- Links to trusted governmental resources.
- Solutions to help employers support their employees at this time via their employee benefits offerings, such as **Telemedicine, Hospital Indemnity Coverage and Employee Assistance Programs.**

For more information, contact your representative or find an office near you:
